THE PRESIDENT'S MESSAGE

Brothers,

May was a fantastic month with Pope John Paul II becoming Blessed Pope John Paul II. The many celebrations of Poland's Constitution Day, the many First Communions and some High School Graduations. We celebrated Memorial Day which is for our veterans, who sacrificed themselves, so that we can enjoy our freedom. Keep them in your memory and prayers. Now we can look forward to June.

June brings with it the beginning of summer vacations, school graduations, the official beginning of summer, picnics and barbeques, and a plethora of outdoor activities. I hope everyone enjoys the summer days and their vacations if they are planning one for June.

As you enjoy the days of June, plan for the days of July. Celebrate our Independence Day with friends and family whether you are going to a sponsored fireworks display or just hanging around home with a barbeque. Just stay safe and enjoy the day. Then be sure to make plans for the next big event in July which is our annual golf outing. Save the date, July 8, 2011. Brother Komosa is putting together another great event. Come and join us. Bring family and friends for a great day out. Even if you don't golf join us.

Have a Happy and safe Fourth of July holiday.

Help support your brother members and the Chicago Society. Let us know if there is a project you would like to see us undertake. Also for 2011, remember one member—one inductee.

Fraternally Yours,
Frank Czaja

FROM THE EDITOR'S PEN

There is something magic about that place, the monument and the atmosphere. It's hard to find words to describe it. I hope that when we finally see Chopin sitting under a willow tree in the Grand Park, I will be able to experience at least a little bit of that feeling here too.

We have a lot planned for the summer. At the beginning of July we will have our annual Golf Outing. Right after that, in August, we will once again return to the Busse Woods and enjoy the picnic, with all the tasty, fresh-from-the-grill foods, drinks, music and so much more. Then in September we are going to organize a business expo. It will be a chance for many of our members to promote their businesses, but also, hopefully to open our group to new potential members from the outside.

Speaking of business and the economy in general, it just seems like we cannot get some solid, long-term good news about it. Every time we have some positive indicators reported, there is another bump on the road and we are back to the negative territory. This whole situation makes you wonder whether this is the new standard, and the new "normal" that we simply have to get used to. I hope not, and I hope the light at the end of this tunnel finally starts shining much brighter. We could all use a break, whether it's the monthly utility bills, uncertainty about our employment, or worrying about what the next quarter brings for our businesses. The recent tough times certainly affect us all.

While we can, let's enjoy the sunny days of the summer. When I used to live in Florida, what made my days there best was the sun and the fact that I could always count on it. We cannot always count on it here in Chicago, so let's make the most out of it when we have it.

Fraternally,

HISTORIC MANOR RESTORED

Following an extensive conversion project aided by EU funds, a historic house that belonged to one of Poland's most prolific artistic dynasties has been voted one of the "Wonders of Poland." The manor, which burned to the ground in 1945, belonged to Zofia Kossak, a celebrated author and co-founder of Zegota, Poland's wartime Council to Aid Jews. The house, located in the village of Gorki Wielkie, southwest Poland, was no more than a ruin two years ago. A state-of-the-art cultural center, free to visitors, was opened last year. (PMN)

CHICAGO HONOR FLIGHT – BILL POWELL

Brother Bill Powell was honored on May 11, 2011, along with 97 other veterans of WW II, by Honor Flight Chicago, a program dedicated to permitting veterans of WW II to visit the memorials in Washington, D.C., all at no expense to the veterans.

Upon their arrival in the evening back at Midway Airport, the veterans were met by thousands of cheering people, all waving flags, clapping and thanking them for their service to the U.S. in defeating forces of tyranny and protecting the freedom of our citizens.

Brother Powell proudly served 5 years as an officer in the Navy, commencing December 8, 1941. He served initially in Naval intelligence combating espionage and sabotage. His next assignment was as an amphibious officer, participating in Naval operations in the European theatre in southern France. After that campaign was completed, his attack amphibious ship sailed immediately to the Pacific Ocean where Bill participated in Naval actions in the Philippine Islands, the Marshall Islands, Okinawa, Kwajalein and Eniwetok, culminating in the occupation of Japan at Wakayama.

After being mustered out of the Navy in 1946, Bill completed his interrupted law school course at De Paul University, took and passed the bar exam and began a successful law practice until his retirement in 2007.

Bill married his college sweetheart, Mildred Tomchek, in 1942 during the war. They celebrated 68 years of wedded bliss until her death on November 16, 2010. They have five children, ten grandchildren and nine great grandchildren.

Brother Powell has been an active member of the Chicago Society since 1947 and regards the Chicago Society fellowship and comradeship that he has enjoyed as highlights of his life.

CHICAGO SOCIETY SCHOLARSHIP ESSAY THIRD PLACE WINNER - PATRYK CZAJA

As a young Polish-American, there are many ways in which I contribute and will contribute in the future, to the beautiful and vibrant ethnic Polonia. As a young person, my father always told me to live my life to the fullest and he is still one of my biggest inspirations in life. When I was a student at Saint Albert the Great, I wanted to give back to the community and people at church, so I decided to become an altar server and serve not only the community but also God. When it was time to pick a high school, I chose Brother Rice because this high school was full of Polish people that needed help with learning English. As a current student at Benedictine University, I have participated in the Deserving Children's Christmas party and was able to talk to Polish people and help them with understanding people that could not speak Polish. This was only the beginning of my contribution to the Polish community.

The reason for picking Benedictine University as my university was because Marie Curie was my biggest inspiration in life and I would love to live out my life the way she did. Marie Curie was and still is acknowledged as one of the best Polish scientists and I would like to grow within my community and myself to reflect her in me. Benedictine University is one of the best universities for Biochemistry and research and because of this, I have the opportunities to become another Polish scientist that exemplifies in the Polish community and in this field of study.

There were many ways that I could have chosen in order to exemplify as a young Polish-American. I have chosen to try to and make myself an example of a Polish scientist, just like Marie Curie was. I believe that through science and the Polish community I will exemplify and make the vibrant ethnic Polonia proud.

PAC ISSUES VISA WAIVER ACTION ALERT

Chicago (PMN)—In March, 2011, sympathetic Members of the U.S. Congress introduced legislation in both chambers to revise requirements for the Visa Waiver Program (VWP). It would make travel by Poles to the United States possible without visas, as is the case with many of the allies of the U.S.

Polish American Congress (PAC) President Frank J. Spula and Executive Committee members of the PAC recently spent two days in Washington meeting with Members of Congress and Administration officials, seeking their active support for bringing Poland into the VWP.

A strong push to generate grassroots support to extend the visa waiver program to Poland was made at the meeting of the National PAC Directors in Chicago, Illinois, on May 13, 2011. It was emphasized that Polonia must do its part to encourage Representatives in both Houses of Congress to join in co-sponsoring the legislation and supporting it with their colleagues.

"A massive and loud appeal is needed to convince them our votes are at stake. Let them know we are their voting constituents and they need to pay attention to our needs," stated Spula.

Polonians and their friends can sign a Petition circulated via the internet by the PAC to help urge all U.S. Senators and U.S. Representatives to support this legislation.

To become an active supporter of the Visa Waiver for Poland, sign the petition at <http://lobbyingforum.com/petition-detail.aspx?id=273>.

POLISH TRIVIA

A piece of which Polish landmark is part of which Chicago landmark?

If you know the answer, please email it to editor@chicagosocietypna.org. First person who emails the correct answer will be featured as the winner in the next Forum.

The answer to the April Polish Trivia is: The movie *City of Angels* features a song "Angelus" by Wojciech Kilar, composed in 1984 in Jasna Gora and dedicated to late John Paul II. The winner is Brother Ted Wiecek who was the first to provide the correct answer. Congratulations! Brother Wiecek is also the author of this month Polish Trivia, an additional honor he probably didn't expect to receive.
